

MCSTC UPDATE

April 2 ,2020

After our meeting with the TDSB this morning there are a couple of updates regarding work that can be done within the terms of the legislation. You may have been contacted by your supervisor, or you will be contacted by your supervisor, for some input for a survey to address the needs at our schools, as well as to satisfy the insurer for the TDSB.

As it stands, everything else is status quo and everyone is getting paid. MCSTC President Jimmy Hazel and MCSTC Vice-President Mike Morgan are in constant talks with the Province and the TDSB. We will update everyone once we have something to update regarding return to work etc...

We would like to thank our members that have answered the bell when called upon for emergencies during this time.

Our next scheduled meeting with the TDSB is on April 9, 2020.

BARGAINING UPDATE

We have had marathon bargaining sessions with Province/Crown going all night into the early morning hours over the last 3 days/nights . We are still at the table today as I write this update. We will update you accordingly on the outcome of our meetings.

Take care and stay safe
